CONTENTS OF VOLUME III
JOURNAL OF NUTRITION

No. 1, JULY, 1930

PAGE

CLOUGH, H. D., J. S. CARMAN and ELSIE M. AUSTIN, The nutritive value of cereal breakfast foods. IV. The response of the human stomach 1

MATTILL, H. A., The nutritive value of cereal breakfast foods. V. The biological value of some cereal proteins as determined on rats 17

CLAYTON, MARY M., The comparative value of different food proteins for reproduction and lactation in the rat. II. Milk, egg and meats 23

HOGAN, ALBERT G., and CHARLES L. SHREWSBURY, Deficiencies of synthetic diets in chick nutrition 39

MCHARGUE, J. S., W. R. ROY, and F. E. HULL, The nutritional potency of fresh, cooked, dry and alcohol-extracted liver 49

JACKSON, C. M., The effects of high sugar diets on the growth and structure of the rat 61

WANG, CHI CHE, JEAN E. HAWKS, BERNICE HUDDLESTUN, AGNES A. WOOD, and EDITH A. SMITH, The influence of high and low protein diet on the basal metabolism and the chemistry of blood and urine in normal women 79

No. 2, SEPTEMBER, 1930

SOSKIN, SAMUEL, The utilization of carbohydrate by totally depancreatized dogs receiving no insulin 99

TILDEN, EVELYN B., and EDGAR G. MILLER, The response of the monkey (*Macacus Rhesus*) to withdrawal of vitamin A from the diet.. 121

PRATT, AVERY D., Does the nickel dissolved from the container during pasteurization catalyze the destruction of the vitamins of milk?.. 141

DAY, PAUL L., The effect of long continued parathyroid administration upon the body calcium and phosphorus of albino rats 157

BENEDICT, FRANCIS G., A multiple-chamber respiration apparatus for rats and other small animals 161

HORST, KATHRYN, LAFAYETTE B. MENDEL, and FRANCIS G. BENEDICT, The metabolism of the albino rat during prolonged fasting at two different environmental temperatures 177

BISCHOFF, FRITZ, and M. LOUISA LONG, Studies in carbohydrate metabolism following guanidine deglycogenation 201

PAGE

DuBois, E. F., Recent advances in the study of basal metabolism, Part I 217

No. 3, November, 1930

Rose, Mary Swartz, Ella McC. Vahlteich, Elda Robb, and Emily M. Bloomfield, Iron requirement in early childhood 229
Ocampo, Mariano, Narciso Cordero, and Isabelo Concepcion, The basal metabolism of the Filipinos 237
Gerber, L., and R. H. Carr, A chemical and immunological study of egg protein obtained under restricted diets 245
Quinn, E. J., F. B. Whalen, and J. G. Hartley, The vitamin B and G contents of certain yeast samples 257
Rowntree, Jennie I., A study of the absorption and retention of vitamin A in young children 265
Diack, Samuel L., The determination of the surface area of the white rat 289
Greisheimer, Esther M., and Olga H. Johnson, Glycogen formation in rats. II. Diets containing approximately eighty-seven per cent of the total caloric value in the form of sucrose, lard and casein, respectively 297
Nelson, P. Mabel, Margaret H. Irwin and Louise J. Peet, Meat in nutrition. I. Preliminary report on beef muscle 303
Peet, Louise J., P. Mabel Nelson, and Erma A. Smith, Meat in Nutrition. II. Some dietary factors influencing lactation 313
Peet, Louise J., Erma A. Smith and P. Mabel Nelson, Meat in Nutrition. III. Hemoglobin formation 325
DuBois, Eugene F., Recent advances in the study of Basal Metabolism. Part II 331

No. 4, January, 1931

Rowntree, Jennie I., The effect of the use of mineral oil upon the absorption of vitamin A 345
Evans, Herbert M. and Samuel Lepkovsky, On the preparation of a concentrated source of the heat-labile vitamin B, free from contamination with the heat-stable factor G 353
MacKay, Eaton M., and Lois Lockard MacKay, Factors which determine renal weight. VII. Protein intake and age, Second paper 375
MacKay, Lois Lockard and Eaton M. MacKay, Factors which determine renal weight. VIII. Protein intake and sex 387
Sherman, H. C., and M. R. Sandels, Further experimental differentiation of vitamins B and G 395
Ascham, Leah, The influence of bulk in the diet upon fecal calcium and phosphorus 411

PAGE

CUMMINGS, MARIAN J., and H. A. MATTILL, The auto-oxidation of fats with reference to their destructive effect on vitamin E..... 421

HANKE, MILTON THEO., The rôle of diet in the cause, prevention and cure of dental diseases..... 433

No. 5, MARCH, 1931

MAYERSON, H. S., and HENRY LAURENS, Blood studies in hemorrhagic anemia..... 453

LAURENS, HENRY, and H. S. MAYERSON, The effects of radiant energy on hemorrhagic anemia..... 465

MCHARGUE, J. S., and W. R. ROY, The mineral, nitrogen and fat content of some varieties of mature bean seed and of string beans..... 479

CATHCART, E. P., and A. M. T. MURRAY, The validity of family coefficients..... 483

HONEYWELL, HANNAH E., R. ADAMS DUTCHER, and JACOB O. ELY, Vitamin Studies. XVIII. The biological assay of food materials for vitamin A as influenced by yeast from various sources..... 491

WESSON, LAURENCE G., A metabolism room for the study of rats under controlled conditions of light and temperature..... 499

WESSON, LAURENCE G., The metabolic rats and respiratory quotients of rats following the ingestion of dextrin and during fasting..... 503

LUSK, GRAHAM, The specific dynamic action..... 519

ERRATA

In Table I, page 485, Vol. II, No. 5, Ration 998 should read "1.3" under the column headed "NaCl".
